ABOUT ME

Hello! I'm Fathony Maulana, a UI/UX Designer and Web Developer from Padalarang, Bandung Barat, Indonesia, born on May 12, 1996. My expertise includes frontend development and creating user-centered designs.

I'm passionate about crafting intuitive interfaces that offer engaging experiences. I'm fulfilled when a project succeeds, knowing my contributions played a key role.

I've worked as a UI/UX Designer since 2022. I use tools like Figma and Visual Studio Code, with a tech stack that includes MongoDB, Express.JS, React.JS, Node.JS, Next.js, Tailwind CSS, and Shadcn/UI. Let's collaborate and bring your digital vision to life.

EXPERIENCE

Programmer Staff
Sep 2024 - Present

EDIfly Solusi Indonesia • Full-time
Padalarang • West Java, Indonesia • On-site

Main Jobdesk:
- Conducted user research and usability testing to identify pain points and opportunities for improvement.
- Created wireframes, prototypes, and high-fidelity designs using Figma.
- Collaborated with developers to ensure design feasibility and proper implementation.
- Developed and maintained design systems and style guides.
- Designed user interfaces for web and mobile applications.

Others:
- Developed and maintained web applications using React.js and TypeScript.
- Enhanced application performance by optimizing code and reducing bundle size.
- Collaborated with backend teams to integrate RESTful APIs.

Frontend Developer
Nov 2022 - Present

UpWork • Freelance

Developed UI components using React.js and styled-components. Implemented responsive design principles to ensure cross-device compatibility.
